

plant? Let those who question the as-  
sertion about cutting the stalks when the  
corn is in the milk, make an experiment  
to satisfy their incredulity. Let them se-  
lect a piece of corn, of uniform growth,  
and cut the stalks from every other  
row, and at harvest measure and weigh  
the corn from each. This will decide the  
question at once. We have seen this  
done many times; the result was invari-  
ably in favor of the rows which were left  
uncut. This is a matter of much impor-  
tance, and should not be overlooked in  
consequence of haste or idle prejudice.

## WAR NEWS.

WASHINGTON, 14th.  
The advance of a large force of rebel  
troops in the neighborhood of Ball's Cross  
Roads, and the destruction of the property  
of known Union men, was resumed this  
morning.  
The names of those who have suffered by  
the torch are—Basil Hall, whose house is  
located a mile and a quarter to the right of  
the Cross Roads. Everything pertaining be-  
longing to him was destroyed, excepting six  
cows, which our troops succeeded in bring-  
ing away this morning. Mr. Hall's loss is  
\$500.

Messrs. Whipple, Thomas, and Samuel  
Beck also suffered by the fire, the conflagra-  
tion having extended to their place.  
In a skirmish last night near Ball's Cross  
Roads, it is feared that a Lieutenant in the  
3d Vermont Regiment, and three privates in  
the 19th Massachusetts regiment were taken  
prisoners as they are missing.  
From a prominent position on the Virgin-  
ian side of the river, today, a dense column  
of smoke was seen ascending in the direc-  
tion of Fairfax Court House. The rebels are  
evidently burning the woods in that direc-  
tion around their fortifications.

Nearly all the regiments in the neighbor-  
hood of Arlington Heights and Chain  
Bridge were out under arms during all last  
night.

The artillery practice is daily continued  
at the forts.

The following letter from President Lin-  
coln to Major General Fremont was trans-  
mitted to the latter on the 12th:—

WASHINGTON, D. C., Sept. 11th.

To Major General Fremont:

Sir—Yours of the 8th, in answer to mine  
of the 2d, is just received, assuming that  
you upon the ground can judge better of the  
necessities of your position than I could at  
this distance. On seeing your proclamation  
of Aug. 30th, I perceived no general objec-  
tion to it. The particular clauses, however,  
in relation to the liberation of property  
and the liberation of slaves appeared to me  
to be objectionable in its nonconformity to  
the act of Congress passed the 6th of last  
August, upon the same subject, and hence I  
wrote you, expressing my wish that that  
clause should be modified accordingly.—  
Your answer just received expresses the  
force on your part that I should make an  
open order for the modification, which I very  
carefully do. It is therefore ordered that  
the said clause of said proclamation be so  
modified, held and construed as to conform  
with, and not to transcend, the provisions on  
the subject contained in the act of Congress  
entitled "an act to confiscate property used  
for insurrectionary purposes," approved  
Aug. 6th, 1861, and said act be published  
with this order.

Your ob't serv't  
(Signed) A. LINCOLN.

FRANKFORT, 15th.

Gov. Magoffin has issued the following  
proclamation:

"In obedience to the subjoined resolutions  
adopted by the General Assembly of the  
Commonwealth of Kentucky, the Confedera-  
te States, the State of Tennessee and all  
others concerned, are hereby informed that  
Kentucky expects the Confederates to be  
withdrawing from her soil  
unconditionally."

In the Senate Mr. Whitaker introduced a  
resolution authorizing the Military Board to  
seize the State arms, wherever found, and to  
employ force enough to defend the railroads.

NEW YORK, 15th.

The New Hampshire 3d, the 8th Maine,  
and the 3d Rhode Island regiments left here  
last night. Gens. Butler and Sherman also  
departed.

LOUISVILLE, 14th.

The Richmond Examiner of the 11th says  
that 150 Yankee prisoners have been sent to  
Castle Pinckney, S. C.; among them were  
Col. Wilcox of the Michigan 1st Regiment,  
Col. Corcoran of the New York 69th.

Serious fears are entertained of the crops  
at the South. The rains of the heaviest and most  
general that ever were known, and were very  
disastrous.

ST. LOUIS, 14th.

A special dispatch to The Republic from  
Jefferson City to-day says the Sioux City has  
just arrived from above and brings the fol-  
lowing intelligence:

The fight at Booneville yesterday morning  
terminated in a victory for the Home Guard,  
under Maj. Epstein, who held their en-  
trenchments. The rebels were driven back,  
and were in the neighborhood of Booneville  
when the Sioux City passed.

The Home Guard lost one man killed and  
four wounded. The rebels lost twelve killed  
and thirty wounded. Among the rebels  
killed were Col. Brown and Capt. Brown.

WASHINGTON, 15th.

The national loan is successful beyond all  
expectation. Several hundred subscription  
agents were appointed last week in nearly  
every loyal State, including Virginia and  
Kentucky. A considerable number have al-  
ready accepted and sent in their bonds; the  
others will probably be all at work this  
week. The subscriptions of the public have  
exceeded nine millions of dollars, and their  
patriotic co-operation will doubtless enable  
the banks to take the second installment of  
fifty millions, and supply all the money  
needed for a vigorous prosecution of the  
war.

Mr. Yassour, the Spanish Minister, has  
called to assure the Secretary of State that  
the report from Charleston, S. C., that the  
Governor General of Cuba had issued a procla-  
mation recognizing the rebel flag, is untrue.—  
What happened, is that vessels from any  
port in the United States, in possession of  
the rebels, coming into port with irregular  
papers, are admitted or necessary, without  
notice of their irregularity, just as the  
have been admitted at other ports since the  
rebels obtained possession of the Custom  
House in the insurgent States.

F. W. Walker of Brooklyn, the Washing-  
ton correspondent of The New York Express  
went to Port Tobacco on Friday with a de-  
tachment of Young's cavalry on a scouting  
tour, and aided by a gang of soldiers  
captured an active secessionist, who was  
placed in confinement at a house near by the  
place of arrest. The guard having of the  
necessity to absent themselves from the prem-  
ises, the prisoner, while Mr. Walker was  
taking minutes of the conversation, sud-  
denly drew a knife and plunged it into  
the latter's bowels, and rushing from the  
house, made his escape before one of the  
guards, who were outside, could have a shot  
at him. The neighborhood was afterwards  
searched for the fugitive, but without suc-  
cess. The pursuit, however, is not aban-  
doned. Walker is lying in a dangerous situ-  
ation, and receiving proper attention. He  
had, it is related by the officer who com-  
municated the above facts, gained much valua-  
ble information.

WASHINGTON, 16th.

It appears from correspondence that not  
only Postmasters, but all other Postal agents  
are instructed by the Post Office Depart-  
ment, to prevent The New York Day Book  
or other excluded newspapers, circulating  
through their routes or offices.

NEW YORK, 16th.  
The Day Book has suspended and merged  
itself into a weekly, to be called The Week-  
ly Caucasian.

The following official dispatch was received  
at General McClellan's headquarters to-day:

DAVISTOWN, Md., 15th.

This afternoon at half-past three about 450  
rebels attacked the extreme right of my pick-  
ets about three miles above this place, oppo-  
site Pritchard's mill. The affair was spirited,  
lasting about two hours. The enemy was  
driven from every house and breastworks  
they occupied. Eight or ten of them are  
said to be killed and a number wounded.—  
Our loss was one killed. Our victory was  
complete. Our troops behaved admirably.  
Our cannon were indispensable and rendered  
good service.

(Signed) G. N. GRAVY.

Col. 28th Penn. Reg't.

NEW YORK, 16th.

The British brig Mystery, from Havana,  
was seized yesterday. On board were found  
letters containing instructions to her Cap-  
tain relating to running the blockade.

The Post's Washington dispatch states  
that it is rumored that Fremont has re-  
signed.

There were no important movements on  
the Potomac this morning.

It is understood that several army officers  
have been engaged in returning fugitives to  
their masters.

PHILADELPHIA, 16th.

The Baltimore American has a letter from  
Point of Rocks, dated Sunday, giving addi-  
tional particulars of the Davidson affair.—  
Our force engaged were companies B, D, H,  
and I, of the 28th Penn., and two companies  
of the Mass. 13th. During the fight, a reb-  
el was seen taking aim at Col. Geary, when  
he grasped a rifle from a soldier and shot the  
bullet on the spot. The troops are in fine  
spirits.

WASHINGTON, 16th.

Notwithstanding the explanations made  
by Mr. Lussara, the Spanish Minister, to  
Mr. Seward on Saturday, the reported pro-  
clamation of the Captain General of Cuba,  
concerning vessels bearing the rebel flag, oc-  
cupies the attention of the State Depart-  
ment to-day.

WASHINGTON, 17th.

There is authority for saying that the re-  
ported proclamation by the Governor General  
of Cuba, recognizing the rebel flag is spuri-  
ous. No such proclamation has been made.

The following order was issued from the  
War Department to-day:

"The commanding officers of the United  
States forces at Hatteras Inlet, N. C., are  
informed that the services of the 1st and 2d  
regiments of the North Carolina, not to exceed  
one regiment, as in his neighborhood may  
volunteer to take up arms for the United  
States and to designate a regular officer to  
muster them into service.

The recruits will be organized, in the first  
instance, into a battalion or regiment, ac-  
cording to the number of the men. The officer  
will make timely requisition for arms and  
other necessary supplies, and the command-  
ing officer will, on the recommendations of  
the volunteers, propose such persons as he  
may deem suitable to officer the companies,  
battalion or regiment, that may, if ap-  
proved, be commissioned by the President. By  
Order.

(Signed) J. THOMAS.

Adjutant General.

HARTFORD, 17th.

A large concourse of citizens from all  
parts of the State, assembled here to-day  
to listen to the Hon. D. S. Dickinson and  
others. Maj. Gen. James T. Pratt, presided,  
assisted by 150 Vice Presidents, represent-  
ing all the political parties of the State, and  
the various interests and professions of the  
people.

The loyal sentiment of the State is fully  
aroused, and the "peace" meetings which  
have disgraced the State are at discount.  
Traitors have no place among us.

FRANKFORT, 17th.

In the House to-day a message was  
received from Gov. Magoffin, communicating  
telegraphic dispatches from Gen. Z. Johnson,  
announcing that the safety of Tennessee de-  
manded the occupation of Cumberland and  
three long mountains, and that he had  
done so, and should retain his position until  
the Federal forces were withdrawn and the  
Federal camp broken up.

A message was also received from Thomas  
C. Brainerd, Lieut. Gov. of Missouri, ask-  
ing what course Kentucky intended to take  
in view of the occupation of the Mississippi  
below the mouth of the Ohio, by the Federal  
forces, in violation of her neutrality.

St. Joseph, 15th.

The Illinois 16th, Iowa 3d, and Kansas 2d  
regiments arrived here to-day. More will  
be here to-morrow.

The arrival of Federal troops, over  
5000 mounted rebels rode out of town,  
bound South to join Gen. Price. They are a  
raw, undisciplined crowd, well mounted, but  
poorly armed.

The Union men are jubilant and hopeful  
again.

ST. LOUIS, 17th.

The report is current here that the rebels  
have evacuated Columbus, Ky.

The Democrat has the following from St.  
Joseph:—All is quiet here. Gen. Pope has  
sent a column of 1200 men and three pieces  
of artillery, after the rebels who left here on  
the 13th. There is little doubt but their  
large train of plunder will be captured, al-  
though, as usual, they will disperse, and  
being mounted will escape. Unless Col. Smith  
should surprise them, the regular Home  
Guards are scouring the country on all sides.

Colonels Cramer and Edwards, the first  
commanding the regular forces of Missouri  
volunteers, and the latter about 600 Iowa  
State troops, will arrive here Sunday morn-  
ing. They have swept the entire region  
north of this city. The General will imme-  
diately put them in motion along both sides  
of the railroad track, to clear out the squa-  
drons of rebels remaining in the woods be-  
tween here and Chillicothe. The General  
says that in five days North Missouri will be  
quiet again.

FREDERICK, Md., 17th.

The House met at one o'clock to-day. On-  
ly 11 members answered to the roll call, and  
on motion they adjourned till nine o'clock to-  
morrow. Senator Knigge remained in the  
Senate Chamber until 2 o'clock, and no Sen-  
ator appearing at roll call, he announced the  
Senate adjourned till noon to-morrow.

CHICAGO, 17th.

The gunboat Conestoga captured the rebel  
steamers Stephenson and Gazelle, on the  
Cumberland river, yesterday. One contain-  
ed 100 tons of iron.

A deserter from Jeff Thompson says the  
force opposite Columbus numbers 2300.—  
They were ragged, shoeless and short of pro-  
visions. The opinion was expressed that his  
command would be disbanded.

JEFFERSON CITY, 17th.

Reliable news from Lexington up to Sat-  
urday has been received, and shown there  
had been no fight there up to that time, tho'  
the Federal troops had been summoned to  
Jefferson by General Price, whose army is  
14,000 strong. General Pope will reinforce  
Lexington to-morrow with 4000 men.

CINCINNATI, 18th.

Last night at half past eight, the train on  
the Ohio and Missouri Railroad, containing  
a portion of Col. Fureh's 19th Ill. reg-  
iment, while passing over the bridge at Huron  
Indiana, 14 miles west of Cincinnati, fell  
through, killing and wounding over 100 sol-  
diers. A special train was sent from here  
last night to assist.

NEW YORK, 18th.

A Baltimorean, who escaped from the reb-  
els, states that they have two pieces of ar-  
tillery at Leons Hill. Behind Munson's  
Hill are four regiments under Bonham.  
The rebels say that they have 200,000 men on  
the Potomac.

The Herald's dispatch says that the rebel  
prisoners assert that Beauregard promised

the southern and coast troops that if they  
will not go home he will make a forward  
movement before the 20th, assuring them he  
will take Washington.

NEW YORK, 18th.

Special dispatches from Washington, state  
that the precautions taken by the Govern-  
ment, indicate that an attack from the ene-  
my is expected.

JEFFERSON CITY, 17th.

The following account of the engagement  
at Booneville 15th is taken from Capt. Ep-  
stein's official report.

He states that after the fight had lasted  
about an hour the rebels held as hostages  
became so restless that they begged him to  
let one of their number go with a private  
truce and ask an armistice. This hostage  
came back soon afterwards, the Captain  
says, while my men ceased firing, to know  
my conditions. He then demanded that they  
withdraw their forces two miles from the  
city, while I promised to set the prisoners  
free when I have taken, except a prisoner  
named Painter, who I informed them I  
would shoot in case they should not honora-  
bly keep their promise for seven days.

They then agreed to their agree-  
ment. Thus Capt. Epstein with only 150  
men actually dictated terms to fully four  
times his number. The enemy fought well  
for a short time, but out of their 600 men,  
only 6 could be found to storm his works.—  
Their leaders bravely led the way, but the  
men absolutely refused to follow. Of those  
six our men killed four.

The correspondent of The St. Louis Repub-  
lican has information that Lexington still  
holds out on Monday, and had been slightly  
reinforced. Two thousand men from here  
had arrived at Arrow Rock, but Green and  
Harris had left with five or six thousand  
men, taking a southwesterly direction.

CINCINNATI, 18th—11 A. M.

The accident on the railroad proved worse  
than first reported. Four soldiers and  
went into the creek, and a passenger car on  
top of them. These cars contained 250 men  
belonging to companies E, F, G and I. The  
latter two were the principal sufferers. Up  
to this time 30 dead have been taken out,  
and more are under the wheel.

A train is now on its way with 92 wound-  
ed. It is believed that 40 or 50 were killed.  
Indications are strong that the bridge was  
tampered with by traitors. It was 60 feet  
span and 10 feet high, and was lately in-  
spected.

THE Maryland Legislature.

The roll of this traitorous body was called  
the 17th, Tuesday, when it adjourned. Com-  
panies of Wilson's regiment were seen pass-  
ing the streets, and soon it was found that  
the city was walled in. No one could pass  
without a pass from the Provost Marshal.—  
Meanwhile Lieut. Carmichael of the Bal-  
timore Police commenced making arrests of  
the officers of the Legislature, and especially  
the clerks. The aim of the officers was to  
arrest all the members who voted for Mr.  
Wallis' famous report. About 50,000 cop-  
ies of the report was seized.

During the afternoon the Union members  
of the House and Senate met in caucus, and  
resolved that the action of the Senators pre-  
sented not assembling virtually brought the  
Legislature to an end, and that they would  
return to their homes and not attempt to as-  
semble again.

The arrest of the Clerks will prevent them  
from calling the roll. Several of the most  
noisy secessionists in town were arrested.  
The prisoners will remain in the guard house  
all night, and then be removed to Fort Mc-  
Henry.

FREDERICK, 18th.

The Union members of both Houses re-  
fused to meet this morning. The Legislature  
is virtually dead, all the officers being under  
arrest to prevent calling the roll. The Union  
members will leave this afternoon for home,  
and the secession members for Fort McHenry.  
The city is quiet. A talk of invading Vir-  
ginia, which was laughed at, is now being  
discussed with the motto: "The Union  
must be preserved."

VOLUME VII, NUMBER XXXV.

ARRANGEMENT—We wish to have our sub-  
scribers settle all dues from them for the  
American up to Jan. last, and as many for  
this year as we can. We have been indulgent  
to our own detriment; and we cannot help  
thinking, that if some who are owing for  
many years, would labor as hard to pay,  
as we have to, to get along without  
what is due from them, that our books  
would show them advance paying subscribers.

We are aware that the times are hard and  
money scarce, but where there is a will there  
is a way; and if our delinquents, those who  
are owing for three, four and five years, will  
help us to a part of what is due, it will add  
considerable to our present means. We  
want money to pay our debts, to pay the  
paper maker, office help, rents, family ex-  
penses &c. We wish those to whom this call  
is addressed would heed it—make an effort to  
pay something. Do not let us have to dun  
anybody again, as it is a disagreeable duty.

THE Cotton Crop of the South.

The Boston Courier makes the following  
remarks upon the effects of the present  
trouble upon the great Southern staple.  
Whether the present rebellion shall be  
crushed in six months or six years, it is be-  
coming evi-ent to reflective minds, that it  
will work a great change in the cotton inter-  
est, and perhaps work the downfall of slav-  
ery. If cotton planting shall become a non-  
paying business, slavery will also become  
unprofitable, and we shall see the beginning  
of the end of this accursed fungus of our  
political system.

The precarious nature of our political re-  
lations, and the uncertainty of obtaining the  
usual supply of cotton from America, has al-  
ready had the effect to turn the attention of  
the cotton spinners of England and France to  
other sources for a supply of this much need-  
ed article. There seems to be an unlimited  
area of land suitable for the growth of cot-  
ton; but the present obstacles to a full sup-  
ply, arise from the want of cheap means of  
transportation and a previous encouragement  
of its growth. These obstacles only want a  
little time to cure them. A writer in the  
Westminster Review for April, has a lengthy  
article on this subject. This writer says that  
in Bombay there are 43,000,000 acres admi-  
rably adapted to cotton cultivation; and did  
these give half the ascertained return of  
Indian land, they would yield a crop of
